Dr Sir -

I learned today that in the Art-Gal. is a photo. of all the principal officers in the Volunteer Army during Rebellion. Is such the case? and if so what steps must be taken to procure some of them or a Catalogue - I wish to use some while attending the G.A.R. encampment this summer at San Francisco -

Dear Sir,

Have you at your disposal for literary societies & societies for study, any photographs & descriptions, or classical works on mythology, and especially your collection of Venuses in the separate room in which I have repeatedly seen them? If so, please send them to Mrs. Stebbins for immediate study in a Womans Literary Club of a dozen years standing, & receive my hearty thanks. The pictures will be especially helpful, but descriptions & text-books will be nearly as welcome - I know Wash-

ington is such a helpful centre that I can but hope you will be able to confer a favor in this way in regard to the copies of celebrated works of art in your most excellent & attractive & instructive collection.

Very Respectfully
